

Louvre Vent - Aluminium

Code: **AV603 / AV606 / AV609**

Description:

Manthorpe's Aluminium Louvre Vent is available in three handy sizes, for covering a single, double and treble brick aperture. The product is easily surface mounted using four No. 6 gauge round head screws of appropriate length. The vent is suitable for both interior / exterior fresh air ventilation and warm air systems. To clean the product simply wash in soapy water.

Product Code:	Dimension A:	Dimension B:	Free Ventilation Area:	Material:
