<b>Packing Details</b>	10 per box (3 in 1 Ventilator)
<b>Weight</b>	530g per unit 6.5 kg per box
<b>Colour</b>	Black
<b>Material</b>	Recycled Polypropylene
<b>Manufacturing Process</b>	Injection Moulded
<b>Free Area</b>	10,000 mm <sup>2</sup> /M
<b>Insect Grille</b>	4mm Insect Grille on Comb and Over Fascia Ventilation

### Description

The 3 in 1 Ventilator combines the Underlay Support Tray with an Over Fascia Vent and an Eaves Comb.

The purpose of the product is to allow 10,000 mm<sup>2</sup>/M airflow into the roof space at the eaves level, provide support to the roofing underlay at eaves level to prevent pooling and leaking of water into the building fabric and prevent animal ingress into the batten void of profiled roof tiles.
