

Radiator Pipe Guide & Seal

Code: **GRS**

Description

The GRS Radiator Pipe Guide & Seal has been designed and developed to meet the air leakage needs of the modern builder.

The unit fits behind the radiator guiding both pipes to the radiator valves without kinking or chaffing problems while also providing a draft seal. This helps builders to achieve the new air leakage requirements of the building regulations.

Suitable for use with 10mm flexible pipes.

Specifications

Colours	White
Packing Details	20 per box
Weight	78.8g per unit 1.86 kg per box
Materials - Guide Seal	Polypropylene Thermoplastic Elastomer
Manufacturing Process	Injection Moulded
